Moody Radio FTP Site File Naming

The **Moody Radio Affiliate FTP site** offers a convenient means of downloading many of Moody Radio's programs on [our FTP site](#). This site is designed to allow for hands-free downloading if you enable a FTP downloading software (such as Radio Spider). If you would like information about FTP software or have questions about set up, please [contact us](#).

FTP Site Navigation

The landing page of the Moody Radio FTP site contains the following root level folders:

Folder Name	Description of Contents
Alerts	Contains audio program files that may have misfed on MB1 or MB2 or used for other Alert scenarios as needed. Learn more about Moody Radio Alert procedures .
Custom_Production	Contains custom files created upon affiliate request. Request a custom promo or tag by completing our Spot Requisition form .
Miscellaneous	Contains assorted material for short-term storage.
MR_Owned_and_Operated	Contains material specific for Moody owned stations.
Programs	The Programs folder on our FTP site contains all program audio, promos, graphics, TechSpecs Sheets and other related material.
Resources	The Resources folder on our FTP site contains assorted barter and Sharathon spots, clocks, schedules, Quarterly Program-Issues Reports, SoundExchange Reports, Satellite Tech, Music logs and other helpful tools as necessary.

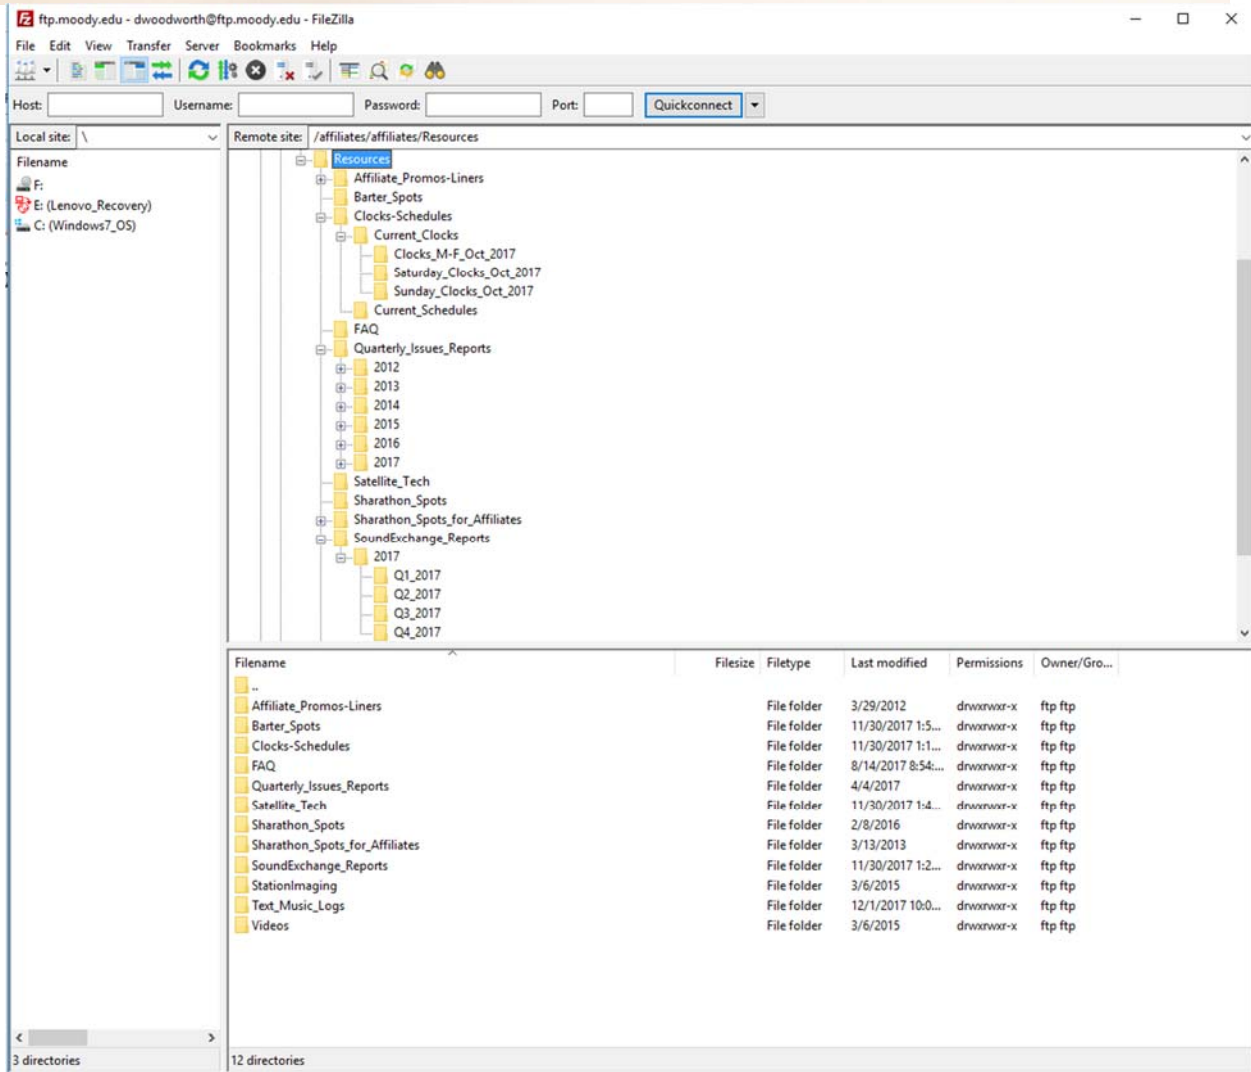

Note that with the launch of a new website content management system December 11, 2017, many affiliate resources like schedules and clocks previously posted on the website are now posted on the FTP site under the Resources folder.

Here is a screenshot from Filezilla showing the updated contents under the **Resources** folder:

Program File Naming

Program audio files will be labeled with recommended air date (YYYY-MM-DD), followed by abbreviated program title (refer to list on page three), and as necessary followed by *Hour_01* or if the program has segments followed by *Hour_01_02*. Underscores are used in lieu of spaces.

Program Examples:

2011-05-21_SOGC.mp2

2011-01-03_ITM_Hour_01_02.mp2

2011-05-17_TITWD.mp2

Promo File Naming

Promo audio files will be labeled with the air date (YYYY-MM-DD) of the program for which they are being produced, followed by abbreviated program title (refer to list of titles on page three), followed by *Promo30* or *Promo60* (depending on the length), and as necessary followed by type (such as *Hour_01*, *Daily*, *Weekly*, *Generic*, or *Both Hours*). Underscores are used in lieu of spaces.

Promo Examples:

2011-05-21_SOGC_Promo30_Generic.mp2

2011-01-03_ITM_Promo30_Hour_01.mp2

2011-08-20_TLATB_Promo30_Weekly.mp2

2011-02-01_CFL_Promo30_Both_Hours.mp2

FTP Program Title Naming

*When the host name ends the title, abbreviated titles are truncated to remove the host name.

moodyradio@moody.edu | moodyradio.org/affiliates/

The Noncommercial SRN News is a protected folder requiring additional permission for access to the hourly 4-minute newscasts and hourly 60-second headlines. Access is only granted to affiliates contracted for the noncommercial SRN News on a subscription fee basis. Contact your network representative for details.

These files are posted hourly by Salem Radio Network in MP3 format at 64 Kbps, 48 KHz in mono. The hourly newscast is posted with the file name of "SNN-NON-COMM.mp3" and the headlines as "headlines.mp3." The previous hour's files are over-written each hour at about 2-minutes past the hour for the newscast and at 31-minutes past the hour for the headlines.
